

Think Tank 3: Suggestions & Comments

Service User Network

Parent mentors - supporting other parents

'Listening' events to hear YP/ parents views - like 'Big Brother diary room'. FRT did this and helped to find out what worked and what they wanted.

Suggestions for new services/ ways of working

Support groups - after building resilience in the parent (particularly victim) - teach parents to build resilience in children

Recovery should be a priority - to include group programmes/ 1:1/ helplines as many survivors can not cope with being part of group

C&YP recovery groups to run alongside parent recovery groups

MARAC for low risk?

Merge MARAC professionals meetings

Education project to raise awareness of DV in schools
